

**CVBC Men's Retreat
May 5 – 6, 2017
Arrowhead Bible Camp**

We were not designed to live the Christian life alone. Join us for a weekend exploring how God's design for us to live as leaders allows us to grow towards him and towards the people He has put in our lives. Make some new connections within the CVBC family and help us think and dream about the future of our men's ministry!

Overview of the teaching sessions:

Friday night: Following by leading

Why is leadership integral to us, as men, becoming mature followers of Jesus? In what ways is leadership difficult for us?

Saturday morning: Leading our families

What does effective leadership in our homes look like, and how can we better love and lead the people God has entrusted to our care?

Saturday afternoon: Band of brothers

What does it mean that God has built us to live in community with each other, and what does it look like?

Saturday night: For the glory of God

How can God use men like us to do His work?
